SCHIER
LIFETIME GUARANTEED
GREASE INTERCEPTORS

Saniflo is the world leader in the plumbing industry thanks to their above-floor technology. This innovative method of using above-floor pumps to offer solutions for both residential and commercial needs that were originally impossible.

The leader of plumbing repair parts. Whether you need any of our 1600 faucet stems, hundreds of faucet handles, stainless steel faucet and toilet connectors, Rainflurry shower heads or any plumbing product, Kissler & Co. is here to be your reliable vendor.

Family-owned and operated in Kansas City, Missouri, Striem designs and builds lifetime guaranteed oil separators, solids interceptors and chemical waste tanks.

Delta P Carver, Inc. expands Carver Pump's stellar reputation for quality, efficiency, durability and exceptional value to pressure boosting systems.

The features and innovations found in the American Standard Platinum Food Waste Disposers separate them from competitors which is why they are the only disposer producer to offer Lifetime Warranty Against Corrosion Failure. These innovations include the Torque Master® Balanced Grinding System, The Bio Shield® Antimicrobial feature, and the patented Silver Guard® Magnetic System.

PLATINUM
FOOD WASTE DISPOSERS

The one-piece fiberglass shower stalls offered at EverFab are all handmade by their talented team of professional bath and shower artisans. They meticulously sculpt and construct each model by hand to ensure our customers have the kind of durable shower units they can comfortably rely on for years to come.
